

1st IAHR Online Forum

Hydro-Environmental Challenges, Solutions
and Trends for Water Security

IAHR Online Forums

The IAHR is launching a new series of virtual events aimed at bringing together the community of hydro-environment professionals in the years in between the IAHR World Congresses by making the most of digital opportunities.

IAHR World Congresses

38th IAHR World Congress
Water connecting the World

1–6 September 2019 | Panama City, Panama

39th IAHR World Congress
From Snow to Sea

19–24 June 2022 | Granada, Spain

1st IAHR Online Forum (5–7 July 2021)

Hydro-Environmental Challenges, Solutions and Trends for Water Security

The inaugural **IAHR Online Forum** will focus on the challenges and trends of hydro-environmental solutions and research and will include key plenaries and technical sessions that cover a range of topics essential to water security.

The IAHR's network of more than 25 Technical Committees and Working Groups will make special contributions to highlight those issues that need to be addressed as well as the new perspectives unfolding in each field. The Online Forum builds on the success of previous online IAHR events that have attracted thousands of participants.

Sponsorship opportunities

As a sponsor of the 1st IAHR Online Forum, you will enjoy a high level of visibility and promotion during the Forum in 2021 and the 39th World Congress in 2022.

Sponsorship opportunities are designed to give your organisation/company brand visibility as well as a chance to meet and network with leading hydro-environment experts and professionals and can be fine-tuned to your needs.
